Participants: Knud Knudsen, MD; Liv Knudsen RN
From TT: Dr Isao Kisino from Majuro
Dr. Enta Peter "
one dental assistant "
one public health nurse from Ebeye
one x-ray/lab. technician "

Requirements: Medical trailer, Conex, JEEP, Boston Whaler

If we can complete the work in shorter time, we shall adjust the departure times. There is no point in leaving Wed. 15. From past experience we shall be idle until Monday morning (local time) if we arrive on Saturday.

The participation of Liv is in jeopardy. She is scheduled to go to Honolulu and be admitted to Straub's clinic on Wed. June 8th. If she can be back by the 15th we shall include her on the manifest.

We are working hard to complete the planning of the new medical trailer in order to submit purchase lists before I leave. I hope to have them ready by the end of this week. In the meantime, please try to information on a dental light named ROLUX, wallmounted; produced by MDT Corporation, 19365 Southwest 89th Avenue, Tualatin, Oregon 97062; Tel (503)638-9631; Telex 36-0829. If GSA offers an equivalent light source it is of course satisfactory.

Best Regards, Yours
